## SUSTAPEEK tubes: Order now ex stock

### Large dimensions, low wall thicknesses, material-saving production

Röchling provides you with an extensive variety of **tubes** made of the high-performance material **SUSTAPEEK**: Röchling offers tubes with very **large** and **small diameters**, and with very **low** and **high wall thicknesses** for different application fields and individual requirements:

- Outer diameter: 20 - 260 mm
- Inner diameter: 10 - 180 mm
- Length: max. 3,000 mm
- Many dimensions direct ex stock

#### Material-saving production

SUSTAPEEK tubes allow the material-saving production of **seal rings**, **retaining rings** and **bushings**. Thanks to the unique SUSTAPEEK features, they are perfectly suited for applications that require excellent mechanical, thermal and wear resistance properties.

*Extensive variety:  
Due to several outer and inner diameters, and low or high wall thicknesses, SUSTAPEEK tubes provide a large variety of application fields*
